

Companion/Carer Registration Points

Thank you for your interest in registering as a self-employed Companion/Carer with Caring Companions (UK) Ltd.

We are proud to have gained an excellent reputation for the service we provide and for the high calibre of the Companion/Carers accepted on to our register.

To maintain these high standards the registration process is rigorous and can take up to six weeks. Please take the time to consider the following points before applying to register with us.
